Actions speak for themselves

For a long period, since the beginning of unification and since the childhood of our grandfathers and fathers, and we, their ancestors are living on the land of prosperity, the land of the Two Holy Mosques.

Setting from the loyalty land, peace, Arabism, goodness and consistence with a unified leadership that is enlightened with the Holy Quran with clear policy that supports people everywhere since the era of the founder Late King Abdulaziz Al Saud, founder of the Kingdom of Saudi Arabia, passing with the eras of his sons who followed him and within a clear matrix and consecutive achievements until this prosperous age of King Abdullah bin Abdulaziz, Custodian of the Two Holy Mosques, to complete the role of his father and his brothers who ruled this country. He is not saving any effort for the prosperity, safety and comfort of citizens and expatriates, with stable steps for serving Islam and Moslems.

To the contrary of the bubbles that appear from time to time in the malicious media, that quickly vanish, our rational leadership is planning, without illusive slogans and without noisy media, and is performing with trust, different from the others, in the form and meaning and in size and place.

Within a limited period, the custodian of the two Holy Mosques, King Abdullah bin Abdulaziz changed the economic map of the Kingdom in all its regions, for example, he opened, among other achievements, many economic cities, with billions of dollars and that will create hundreds of thousands of job opportunities to citizens, and he enhanced the role of foreign investment, and facilitated the access of businessmen to the kingdom, issued key rules that serve the Saudi lady and her rights, to an extent that he opened nationalization for degree holders.

Dear reader, if you contemplate in what is being achieved, you will notice that Custodian of the two Holy Mosques has worked in every field without ignoring any aspect for the prosperity of all people in our dear country. Thus, actions speak for themselves.
